Goose Grease Liniment Co., Greensboro, N. C.: Dear Sirs:—I sprained my back last July so bad that I could hardly walk. I got a bottle of your "Goose Grease Liniment" and after a few rubbings I was entirely cured, and have not been troubled since. I consider it the best liniment I ever used. A. MAX. The Clothier, Durham, N. C.

GREENSBORO, N. C., Nov. 21, 1895.

Goose Grease Liniment Co., Greensboro, N. C.: Gentlemen:—We used some of your liniment on a badly cut hand of one of our pressmen. When applied not a finger of the wounded hand could he move. In five hours he could use them and there was no soreness left. As a liniment it is ahead of anything we have tried. REECE & ELAM. Job Printers.

WALKED INTO THE TRAP.

Abductors Who Held a Boy for Ransom Cleverly Caught.

By Wire to THE TELEGRAM.

ALBANY, N. Y., Aug. 19.—Johnney Camvoy, who was kidnapped from his parents by unknown parties while playing in the street several days ago, has been found. He was returned to his parents through the efforts of private detectives and newspaper reporters this morning. He had been abducted by his uncle, Joseph Hardy, and his associate, H. G. Blake, and both have been arrested. They had agreed to deliver the boy at a newspaper office today for twenty-five hundred dollars and when the boy was produced their arrest promptly followed.

Hardy, it appears, owed the boy's father a sum of money which the latter demanded and this probably led to the kidnapping. Hardy was known as a man of bad character and has for some time been snspected of complicity in the abduction. The boy was being held for three thousand dollars ransom. A lynching would have followed the return of the boy if the police had not interfered.

ON THE SILVER QUESTION.

England's Reply to Monetarv Commission May not be Favorable.

By Cable to THE TELEGRAM.

LONDON, Aug. 19.—The Westminster Gazette this afternoon, commenting upon the "Demoralized Silver Market," will say:

"We understand that Americans who today are making foreign sales will soon begin purchasing silver in anticipation of the re-opening of the Indian mints."

It goes on further to question the accuracy of the view, supposed to be held in America by large numbers, that great Britian's reply to monetary proposals of the commission, now in London, from the United States will be favorable.

In any case his cabinet is certain to be only a temporary one. I am ready to accept office and should I do so, I would apply reforms to Cuba in the widest sense.

MOBILIZING BRITISH FORCES.

THIRTY-FIVE THOUSAND TROOPS ON INDIAN FRONTIER.

No Signs of Afrids in Khyber Pass--The Monguls Submit Without a Struggle.

By Cable to THE TELEGRAM.

SIMLA, India, Aug. 19.—The rapid mobilization of British troops in India and the activity of of the military authorities generally in pushing heavy reinforcements forward with all possible dispatch is regarded as assuring the safety of the Indian frontier, no matter how wide spread may be the rising against British rule.

Thirty-five thousand British troops are now on the border. News from the frontier is more re-assuring. All is quiet at Shab Radr.

There are no signs yet of Afrids in the Khyber Pass. The Kurram Valley is also quiet.

General Blood advanced nine miles along the river in the Swat valley without finding any signs of an enemy. The monguls have submitted to the British authorities without a struggle.

JUST FROM CUBA.

A Citizen From Norfolk Paints the Situation as it is.

Few men live to tell the thrilling experiences that Thomas Raymon has endured. He is one of a band of Cuban patriots who made several fillibustering expeditions from southern waters, and he has just returned from the little island, driven away by the fortunes of war.

Many were the difficulties which the man suffered during the past few months. His little schooner was forced to continually change her appearance to avoid the vigilance of the detectives. On one day she would be known as the Tom and Jerry and when next seen she would answer a hail as the Sarah Jane. Again she would show the name Jack and Gill. Finally, she succeeded in lauding a cargo of munitions for the patriots at Mayensi. As she was unloading her cargo she discovered a Spanish cruiser approaching, but her fleetness enabled her to escape; not, however, until after she had left Raymon and several of his companions on the shore. They, seeing that there was no chance of escape from the island, enlisted in the insurgent army.

From that time, early in January, until the 30th of June, the men underwent all sorts of suffering. Raymon was finally taken prisoner and was sentenced to pay the death penalty. He was taken to Cabanas to be executed, but while there his case came to the ears of Consul-General Lee, who secured his release on the condition that he would forever leave the island. This Raymon did, arriving in New York on the 30th of June. He stopped in this city on his way home to Norfolk and he told the following story: He had conducted three expeditions successfully before he was captured. He engaged in many fights and experienced all the hardships of the guerilla warfare. He is very confident of the ultimate success of the insurgent cause. He says that the Spaniards enter battle in a very melancholy manner, whereas the Cubans fight with desperation.

The diseases which are prevalent in the island, he says, affect the Spaniards very greatly and they are dying like flies daily. They are buried in heaps in trenches as the number of the dead is too great for them to receive separate interments.

Raymon is a citizen of Norfolk, but he lived in this city about ten years ago. He is well acquainted with several of the older citizens of Newport News, among the number Colonel C. M. Braxton and Mr. T. H. Gordon. Raymon left last evening on the steamer Louise for his home.—Newport News Correspondence of the Norfolk Landmark.

Union Veterans Encamp.

SPRINGFIELD, O., Aug. 18.—The twelfth national encampment of the Union Veterans' Union opened here this morning. Addresses of welcome were delivered by Mayor John M. Good and ex-Speaker J. Warren Keifer.

This evening a review was held and two parrot siege guns on the Esplanade were dedicated, Gen Keifer making the presentation address.

The National Woman's Veteran Relief Union met this afternoon.

SWAPPING HONORS.

M. Fuare to Visit St. Petersburg—A Handsome Fountain.

PARIS, Aug. 18.—Among the magnificent decorations prepared for the occasion of the visit of M. Faure to St. Petersburg is a very handsome fountain, constructed in the middle of the historic Kasan square. It is destined to remain as a permanent memorial of the visit of the President of the French Republic to the Czar of all the Russias.

President Faure takes with 300 medals in gold, all of which have been especially struck for presentation to the Russian guard of honor, which will attend the President during his stay in Russia, and the various Russian officials who will be in attendance upon the chief magistrate of France.

These medals bear on one side the profile of an effigy of the Republic and the words, "Republique Francais;" on the obverse side of the medals a wreath of laurels surrounding the date, "August, 1897."

Money While You Wait.

SEATTLE, Wash., Aug. 18.—The steamer Alki arrived this morning from Dyea, Alaska.

This afternoon Willis Thorp was handed a letter by a man who came in on the Alki from Dyea. It came over land, and was written by Ed. Thorp, saying that he had cleanad up $130,000 in eight weeks, and that he was coming home on the steamer Portland, which is due in Seattle August 26th. Thorp left one year ago, having gone north with a drove of cattle.

The Alki brings news that a few miners have crossed the divide. Several hundred men will winter at Dyea and go down the Yukon in the spring. The Alki leaves again tomorrow for the north.

The body of Dwight Fowler, a well known young man of Seattle, who was drowned at Skaguay, was brought in on the Alki.

GIVE US GOOD SANITATION.

Our attention was called to the fact thet the sewer on Davie street between Washington and the railroad was closed and the water from it flowing on top of the ground and spreading over a vacant lot and on investigation we found that to be the case. There was no difficulty in locating the neglected sewer—it protested loudly to the olfactories a block away. The sewage is spreading over the surface of the ground, dammed up here and there by obstructions, flowing through piles of old lumber, half rotten, and debris of all sorts. It is a viritable cess pool and at this season is inevitably a breeder of disease. Several hands have been working on a barn by the place and one of them is now sick with fever and it is reasonable to suppose that this is the cause.

Mr. McAdoo claims to have a contract with the city by which it was to furnish a sewer large enough to carry the water at that point in return for some rock furnished by him. We know nothing as to the merits of the case but we do know it is somebody's business to attend to the matter and it should be done at once. To allow the sewer to remain as it is now is a menace to the health of the town and is simply criminal neglect. In this day when the laws of sanitation have been carefully worked out, and the terrible results that follow their neglect have been exemplified in the case of other cities, there is neither excuse nor palliation for such a state of affairs.

Another place that needs the attention of the Board of Health is the vacant lot next to the Benbow, on South Elm. The complaints on that head have been many and forcible and, if we are not mistaken, the attention of some of the town authorities has been called to it. The lot is covered with the rotting debris left by the fire, and watermelon rinds and every conceivable rubbish is being thrown into it and the stench that rises from it at night is almost unbearable. We have heard one gentleman of intelligence say he proposed to move his family away from the city because of these things—that he considered their continuance a constant menace.

Greensboro is naturally a healthy city and her record in that particular has been forceful in the upbuilding of her industries; she cannot afford to have her progress checked by an epidemic of fever. We trust it will only be necessary to call the attention of the authorities to this matter.

IF THE authorities who are supposed to represent the majesty of the law in the mining districts had deliberately set about provoking the strikers to violence, they could scarcely have hit upon a plan more likely to produce that result than the course they are following. They issue injunctions that are an arbitrary and flagrant abuse of judicial power and then ostentiously arrest a hundred miners for contempt of court in failing to obey them. The miner who would not feel contempt for Judge Jackson would be below the average intelligence of the men who dig the nation's fuel. The judicial ermine is beginning to smack of coal dust.

IT is strange that in Europe the heads of governments should be in constant danger of their lives from anarchists, while in this country, where there were millions of them last fall, the President can go yachting and fishing and sit on the front verandah at night and enjoy himself and the mosquitoes with perfect safety. What an eloquent comment upon our obedience to law and upon the veracity of the American press.

MR. HANNA might put himself in line with the tattooing fad by having a dollar mark d'or and a Populist rampant upon a field of green tattooed upon his person, while Governor Russell might fittingly choose a sinuous dragon with a locomotive for a head.

HOW unsophisticated is Governor Griggs, of New Jersey! He declines to run for the United States Senate because he cannot live on $5,000 a year. He should remember that a partnership with a shrewd New York broker would bring in a few pence by a side wind.

THOSE two escaped convicts who were recaptured probably found the social season unbearably dull outside and surrendered.

THE observance of the civil service is causing Republican clubs all over the country to go out on a strike.

Over the Hills to the Poor House.

Mr. G. C. Junker, the Populist magistrate of Crab Orchard, made application recently to the board of county commissioners to have his mother admitted into the county home. This week he bought from R. M. White & Co. a very nice comfortable phaeton or surrey, for the purpose, it is supposed, of conveying his mother to the home in style, being a Pop magistrate. —Charlotte Observer.

AND STILL THEY COME.

ANOTHER BIG TOBACCO FACTORY FOR GREENSBORO.

The W. W. Wood Manufacturing Company Organized---A Forward Move.

Perseverance and hard work will always tell in the end. Not many of our people knew that a movement was on foot for the establishment of a new manufacturing enterprise—one that will require a considerable outlay of money and give employment to many laborers, but such is the case.

The new enterprise is a tobacco factory and will be known as the Berger-Wood Manufacturing Company. It is composed of some of our foremost and most progressive business men—men of sound judgment and ample means.

The company met this afternoon at 4 o'clock, for temporary organization and elected C. G. Wright president and H. C. Berger secretary and treasurer.

Mr. W. W. Wood is manager, and an old hand at the tobacco business and understands it thoroughly. He has a record behind him of which any man might be proud. Mr. Berger is new in the manufacturing business, but has had long experience in the leaf business, in addition to which he is a careful and level-headed business man.

Just as soon as a location and the new machinery can be secured for manufacturing tobacco by an improved special process, the new factory will be put in operation.

Meanwhile let us all be thankful that progressive Greensboro is blessed with another agency that will draw capital and labor to our city.

SPOKE FOR THE JUNIORS.

The Haw River Council is Addressed by Rev. Mr. Thomas.

Rev. Chas. A. G. Thomas, of Fayetteville, delivered an address to Haw River Council, Jr. O. U. A. M., last night, returning to Greensboro this morning, to be ready for the anniversary of Greensboro Council tonight.

He spoke to the Haw River Juniors on the objects of the order, and we venture the assertion that he gave them something worth listening to.

Mr. Thomas is a big man two ways—physically and mentally—and in addition, is a splendid speaker.

He has many friends in Greensboro who are glad to see him and to learn that his health is so much improved.

Some Fine Preaching.

The preaching at Muir's Chapel yesterday at all three of the services was exceptionally good. In the morning Rev. Frank H. Wood, D. D., presiding elder of the Winston district, preached a most powerful sermon. Presiding Elder Carraway preached a fine sermon in the afternoon, and at night Dr. Weaver preached to the delight and edification of all.

All these sermons are spoken of in the highest terms by those who heard them. The preaching of these men is of an effective kind that makes a lasting impression on one.

Play Ball!

The Thomasville baseball team passed through this morning on their way to Danville, where they cross bats with the Danville boys today, tomorrow and Saturday.

The Tar Heel boys were in fine spirits, as if they expected to win all the the games without any trouble. They have some good players and the Old Dominion boys will have to do some fine playing if they beat the North Carolinians.

A Fine Trip.

A letter received here this morning from a lady who went on the Asheville excursion yesterday says they reached their destination safely and the trip was a most pleasant one. The train was not at all crowded, making it all the more pleasant for those on board.

Today many of the excursionists went over to Hot Springs.

Greensboro's Loss.

Mrs. Harding and her two daughters, Misses Della and Josie, who have been residing on Arlington street for about a year, have gone to Fort Mitchell, Va., to spend a few weeks, after which they will go to Lula, Ga., to make their future home. Their friends here regret to see them leave.

Landslide on C. F. and Y. V.

A landslide on the C. F. and Y. V. road, this side side of Walnut Cove, delayed the passenger train this morning about two and half hours.

The train had to come from Walnut Cove on the N. and W. and around by Madison,

The Orphans' Concert.

The orphans from the Oxford Orphan Asylum will be here and give a concert at the Academy of Music tomorrow night. Our people should give them a good house. In addition to enjoying a pleasant evening you will be helping on one of the grandest causes in the State. Admission, 25 cents; children, 10 cents.

Mrs. Estes Improving.

Mrs. Katz Better.

Mr. Will Rankin, of the Fishblate-Katz-Rankin Co., received word from Asheville today that Mrs. Rob. Katz is better. This is indeed good news for their many friends.

Going Back to Work.

CARTERVILLE, Ill., Aug. 19.—The coal strike, so far as Williamson county is concerned, is almost a thing of the past. All the mines here have run today with full forces. All the mines at Marion are running, and the shaft at Johnston City, which has been idle almost a week, resumed operations this morning.

CARLYLE, Ill., Aug. 19.—Three mines situated in Clinton county resumed operations this morning. Consequently the strike is virtually at an end in this vicinity.

GREENSBURG, Pa, Aug. 19.—It was decided tonight that there will be no strike at the Arona and Madison mines. The 300 miners held a meeting, and out of that number only six miners voted to strike.

Six Men Killed in a Wreck.

ST. LOUIS, Aug. 18.—A special to the Post-Dispatch from McLeansboro, Ill., says: News of a disastrous wreck on the Louisville and Nashville railroad, one and a half miles north of Dahlgren, in this county, reached this city today.

At about half past 7 a. m. two freight trains, headed in opposite directions, collided, killing six men, all employes of the company, and demolishing the engine and a large number of cars of both trains. No. 5, the express train, will be delayed until 6 o'clock tonight.

The time is now approaching for you to begin to lay in your supply of winter coal. Before doing so you should consult our advertising columns. Cunningham Bros. invite you to call on them and get prices.

Getting Ready for Business.

M. B. Shrier is busily engaged getting his store in readiness to open. It has been freshly painted and will present a very neat appearance.

Mr. Shrier has just returned from New York, where he purchased a large line of fine shoes. They will begin to come in the first of next week, and he will have everything in readiness to open by the first of September.

Mr. Shrier is a first-class shoe man, having been engaged in that business at Wilmington quite a while. For three years he was connected with A. J. Cammeyer & Co., Sixth avenue, New York city. This is the largest retail shoe house in the United States.

D. H. Collins will be with Mr. Shrier. Mr. Collins is well known here, having been in business in this city for a number of years, and will doubtless make a good salesman.

Almost a Wreck.

The Southern came near having a wreck at Spencer, Salisbury's suburb, yesterday morning. An engine pulling a load of coal off the coal shute ran away, running into some box cars. The cars and the engine were damaged.
